Services Offered

KML Logistics offers a comprehensive range of transportation and operational services designed to support multiple industries with efficiency and reliability. Our fleet – including side tippers, tautliners, twin steers, and 10m³ tippers – allows us to transport both bulk materials and packaged goods seamlessly across the region.

We provide tailored logistics contracts, direct deliveries to mines, and sub-contracting solutions for mining operations. In addition, we offer professional truck and equipment rental, including front-end loaders, giving clients the flexibility to scale their operations as needed. To keep businesses running smoothly, we also supply diesel on-site, ensuring uninterrupted productivity and reduced downtime throughout the supply chain.
